1st June 2008

Dear Sirs,

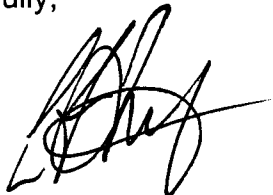

CAWC Workshop, 29th April 2008, House of Lords

Thank you for the copy of your Workshop report, received via our Secretary.

For our Members' information, the report was placed on our club website last Thursday afternoon. This was carried out after 2.00pm, in accordance with your embargo stipulation.

I was quite appalled to hear that your report was available on the Internet the day before the publication embargo had expired. You took great care to avoid this happening and I share your inevitable disappointment at such a lack of integrity by whoever was concerned. I have been assured that none of the club representatives or breeders who attended your workshop was responsible for this breach of confidence, despite coming under considerable pressure.

Yours faithfully,

L F Jupp (Mrs)
Chairman
